S960

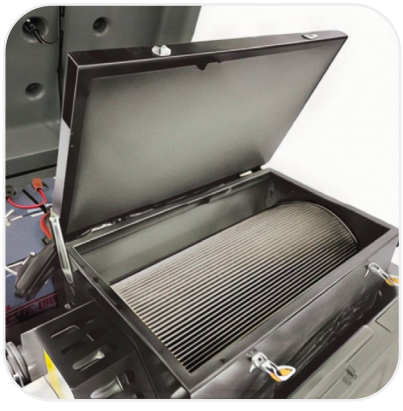

Battery ride-on sweeper

A highly-productive, easy-to-use sweeper with features that provide a reliable and convenient cleaning experience.

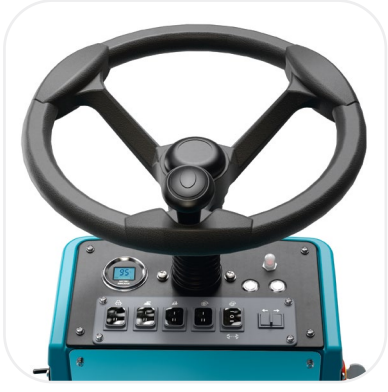

This compact battery-powered sweeper delivers cleaning value across a variety of indoor and outdoor applications.

Productive Performance
Extend cleaning reach with a wide 1,380 mm dual side brush sweeping path and productivity of up to 9,000 m^2 per hour.

Reduce Cost to Clean
PTFE-coated canister filter helps extend component life and reduce lifecycle cost of ownership.

Simple Operation
Help streamline operator training and simplify operations with intuitive, straightforward machine controls.

Inside the **S960**

1. **High-forward seat position** offers clear sightlines for excellent operator visibility and comfort around the machine.
2. **Steel frame construction,** anti-collision guards, and floating side brushes support lasting machine operations.
3. **Handle varied terrain** with a ramp climb of 14° / 25% and a double brake system that enhances machine control.
4. **Sweep for longer** with a high-capacity 135 L low-dump hopper and up to 4 hours of sweeping time on a single charge.
5. **Help control airborne dust** with an efficient canister filtration system and a 45 L wet side brush dust control system.
6. **Heavy-duty main brush** with mixed brush wire provides long sweeping life and effective multi-surface cleaning.

S960 specifications

FEATURE	SPECIFICATION
Sweep path	700 mm
Sweep path (with side brushes)	1,380 mm
Productivity (per hour) theoretical max	9,000 m^2
Minimum aisle turn	1,150 mm
Debris hopper capacity	135 L
Debris hopper dump height	Low dump
Filter type	Canister
Dust suppression water tank capacity	45 L
Max speed	6.0 km/h
Battery run time (up to hours)*	4 hours
Battery voltage	48 volts
Seat safety switch	Yes
Amber strobe light	Standard
Weight (without batteries)	339.5 kg
Length x width x height	1,820 x 1,380 x 1,350 mm

Specifications subject to change without notice and will vary throughout the operation of the machine; averages are shown.
** Run times are based on Continuous Scrubbing Run Times.*
